Middle Eastern Child

War Begun:

O little Levant child,
sitting down meek and mild,
can't stand up, malnutrition,
in one way news, exhibition.

Looking 'round, don't you see
that you're starving, 1,2,3.
Run to Allah, Jehovah, little ones,
generational genocide has just begun.

War Ended:

The war's never over little child,
who sat there once, meek and mild.
We've tried to use our Intervention
to keep all religion from extinction.
We've come from far across the sea
to save your dying, 1,2,3.

Now our trump cards just begun
and with hope it will be done
so run to the refugee camps, little one.
I ran, you ran, your pal in time
to say yes, is real, stop, help us.

Barriers

Well, that barrier is down
crumbled defensive walls
lay all around the Middle East
and the drones evening call
closes the land gap left open.

Time that once wounded all heals
now doesn't heal all wounds and the
three militaries have dreams to
sweep away the downed barriers
that once united the Levant countries.

We rest on the beachhead
not far from the misinformation that
burned fake news to heat up the night.
Jehovah, Allah, Odin at the poker table
when they should have played Chess.

Donald!

What is it you saw or didn't see
when you walked into that country,
blinded by glory, the ins and outs,
lights and oil, sand and stone
burkha and bazooka, the bronzed
muscles on those uniformed boys?

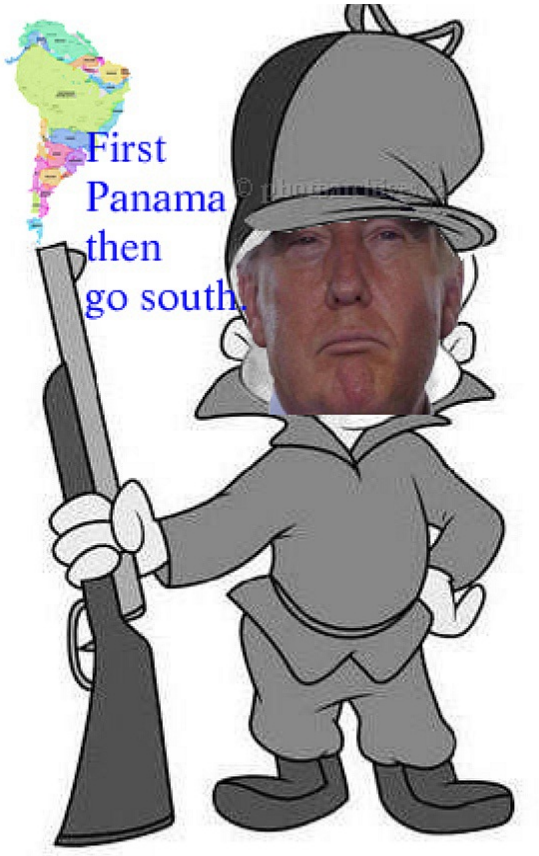
What is it you saw or didn't see
before dropping terror on that Middle Eastern country,
sitting in the White house on that Friday night,
if you can remember the night, planning every one else s life.
It was the night before wanting Greenland and giving the orders:

GO TO WAR! KEEP THE PEACE!

You thought you were protecting the world from terrorists,
forcing your democracy on Allah Akbar,
inflaming the Arab Fatwah captured on Al Gazirah.
Donald, really!!

Believe me when I say you wont be remembered for your vision
as Commander in Chief of the US Military and Panel of Peace.
You think you are every man and all men, except the French
whom you once despised, so I guess you will never come
across Voltaire who wrote about you 200 years ago when He said:

"*Everyman is guilty of the good he did not do"*



Since we can't have Canada as the 51st State, I will enlarge America: S. & N. Dakota are now just Dakota; N. & S. Carolina are now to be just Carolina and finally; the states of Virginia & West Virginia will become Virginia.

Oh, New Mexico, as I have done to the Gulf, will become New America and finally: Puerto Rico will become a State but can't emigrate here!

The Stain on The Road

Several neighbors gathered
around the news feed today
under the moist grey clouds of dust,
as I leaned against the war.

The stain on the desert floor,
fresh, wet, ran uphill and
someone asked how it was to be,
that desert stain near the border,
near the Middle East, near the war.

Well, I said, staring down,
pointing across the Middle East
to where peace and I had earlier carried
her bulging milch-filled body;

Well, I said:

“Once upon a time
there were three little kittens
and a mother and a tank.
Now there are only three little kittens.
Everyone else is gone.”

ON THE DISCOVERY OF JOSEF MENGELE ad 2000

Good God! They're not dead yet?
The geriatric Jews hunting those crusty old Nazis
who are too old to strike the match
that started all this hatred in the first place!

They must all be well over one hundred years old,
but don't believe everything you hear as their
one hundred years of solitude,
of hiding, of tracking, of killing, will never end for
their children will follow their children like a drone
and so on and so on and so on ... and soon
noone will be alive to stand up for the Afghans
and the Iranians and the Palestinians and the Israelites
and the Jordanians and the Iraqi's, and the Vietnamese,
and on and on and on ... because no one cares
for the Third World nigger* and the back woods,
slant eyed gook's or the child born and raised
on the streets of Calcutta, the City of Joy.

** alluding to an 80's quote 'women are the nigger's of the world'*
not the author's language.
